I. MINOR FROM VOCATIONAL COURSE: MIN-VOC 1 INTRODUCTION TO DISASTER MANAGEMENT

Marks: 25 (5 Attd. + 20 SIE: 1Hr) + 75 (ESE: 3Hrs) = 75

Pass Marks: Th (SIE + ESE) = 30

(Credits: Theory-04) 60 Hours

Course Objectives:

1. To provide students an understanding the need for studying the disaster management
2. Develop an understanding about the various types of disasters.

Course Outcomes:

- 1: Understand the need and significance of studying disaster management
- 2: Understand the different types of disasters and causes for disasters.

Course content

Unit -I: Definition, Factors And Significance of Disaster; Difference Between Hazard And Disaster; Natural And Manmade Disasters: Difference, Nature, Types And Magnitude,Repercussions Of Disasters And Hazards: Economic Damage, Loss Of Human And Animal Life, Destruction Of Ecosystem.Study Of Environmental Impacts Induced By Human Activity

Unit 2: ; History Of Disasters And Types Of Hazards: Earthquakes, Volcanisms, Cyclones, Tsunamis, Floods, Droughts And Famines, Landslides And Avalanches.

Unit 3 : Nuclear Reactor Meltdown, Industrial Accidents, Oil Slicks and Spills, Outbreaks Of Disease And Epidemics, War And Conflict

Unit 4 : Disaster Prone Areas In India Study Of Seismic Zones; Areas Prone To Floods And Droughts, Landslides And Avalanches; Areas Prone To Cyclonic And Coastal Hazards With Special Reference To Tsunami; PostDisaster Diseases And Epidemics.National Disaster Policy Of India (Salient Features).

Books Recommended

1. R. Nishith, Singh AK 2012 Disaster Management in India:Perspectives, issues and strategies New Royal book Company, Lucknow
2. Sharma, Kadambari C, Avina 2010 Disaster Management in India Jnanada Prakashan [P&D], New Delhi
3. Mishra A 2012 New Dimensions of Disaster Management in India: Perspectives Approaches and Strategies (Set of 2 Vols) Serials publications, New Delhi
4. Dagur OS Disaster Management: An Appraisal of Institutional Mechanisms in India Center for Land Welfare Studies,
5. Sinha P. C. 2006 Disaster Mitigation: Preparedness, Recovery and Response . SBS Publication & Distributions Pvt. Ltd. New Delhi
6. Goel S. L. 2007 Disaster Adminastration And Management Text And Case Studies Deep &Deep Publication Pvt. Ltd., New Delhi
7. Dhunna M 2001 Disaster Management Vayu Education Of India, New Delhi

II. MINOR FROM VOCATIONAL COURSE: MIN-VOC 2 DISASTER RISK ASSESSMENT AND MITIGATION

Marks: 25 (5 Attd. + 20 SIE: 1Hr) + 75 (ESE: 3Hrs) = 75

(Credits: Theory-04) 60 **Hours**

Course Objectives:

1. To expose students to the risk and vulnerability analysis
2. To create awareness about disaster prevention and risk reduction

Course Outcomes:

1. Study and assess vulnerability of a geographical area.
2. Students will be equipped with various methods of risk reduction measures and risk mitigation

Course Content:

Unit 1: Disaster Risk: Concept and Elements, Disaster Risk Reduction, Global and National Disaster Risk Situation. Techniques of Risk Assessment, Global Co-Operation in Risk Assessment and Warning, People's Participation in Risk Assessment, Strategies for Survival.

Unit 2 :Vulnerability Concept And Parameters, Risk And Vulnerability Relationship, observation And Perception of Vulnerability, Vulnerability Identification, Socio-Economic Factors of Vulnerability, Vulnerability Analysis.Risk Assessments and Vulnerability Analysis Techniques,

Unit 3 : Meaning, Concept and Strategies of Disaster Mitigation; Emerging Trends in Mitigation. Role of Team Co-Ordination and Emergency Coordination Agencies. Structural Mitigation and Non-Structural Mitigation, Community Basis Mitigation.

Unit 4 : Role of Communication, Leadership and Co-Ordination Disaster Communication, Disaster Leadership, Role of Remote Sensing and GIS Basic Concepts and Elements, Programs Of Disaster Mitigation In India.

Books Recommended:

1. Office of the United Nations Disaster Relief Coordinator. 1970. National Disaster And Vulnerability Analysis, Report Of Expert Group Meeting.
2. Blaikie, P., T. Cannon, L. Davis, and B. Wisner. 1994. At Risk: Natural Hazards, People's Vulnerability and Disasters. London: Routledge.
3. Burton, I.R, W. Kates and G.F. White. 1994. The Environment as Hazard. Harlow: Longman.
4. Degg, M.R. 1992. Natural Disaster: Recent Trends and Future Prospects. Geography.
5. Government of India. 1997. Vulnerability Atlas of India. New Delhi.
6. Haque, C.E. and D. Blair. 1992. Vulnerability to Tropical Cyclones: Evidence From The April 1991 Cyclones In Coastal Bangladesh. Disasters 16:2.17-29. 8.

III. MINOR FROM VOCATIONAL COURSE: MIN-VOC 3 DISASTER MANAGEMENT AND PREPAREDNESS

Marks: 25 (5 Attd. + 20 SIE: 1Hr) + 75 (ESE: 3Hrs) = 75

(Credits: Theory-04) 60 **Hours**

Course Objectives:

1. To understand Rehabilitation, Reconstruction and Recovery in the event of Disaster.
2. To familiarise students with various methods of risk reduction measures and risk mitigation.

Course Outcomes:

1. Understand the role of Information Technology in Disaster Management
2. Understand Geographical Information System applications in Disaster Management

Course Content

Unit 1 : Pre-Disaster Management, Post Disaster Management, Integrated Developmental Planning for Disaster Management, Long Term Disaster Counter Planning. Post Disaster Management: Search, Rescue, Evacuation and other Logistic Management, Relief

Unit 2 : Management of Essential Supplies and Temporary Shelter, Site Management, Medical Trauma and Stress Management, Post Disaster Rehabilitation and Reconstruction. Early Warning and Prediction Systems. Role of IT, RS, GIS, GPS and ICS.

Unit 3: Disaster Preparedness Concept and Nature, Disaster Preparedness of People and Infrastructure, Community Based Planning. Role and Responsibilities of Different Agencies and Governments in Disaster Preparedness,

Unit 4 : Disaster Prevention, Disaster Preparedness Programs Earthquake and Cyclone Disaster Preparedness, Early Warning Systems, Floods and Drought Disaster Preparedness Programs. Data From Meteorological And Other Agencies.

Books Recommended:

1. Nasios, A.S. 1990. Disaster Mitigation and Economic Incentives in Colloquium on the Environment and Natural Disaster Management. Washington, D.C.: The World Bank.
2. Nojri, E. 2005 Public Health Issues in Disasters. Crit Care Med. 33: 529-533.
3. Organisation of American States. 1984. Integrated Regional Development: Guidelines and Case Studies from OAS Experience. Washington, D.C.: The World Bank.
4. Smith, K. 1992. Environmental Hazards: Assessing Risk and Reducing Disaster. London: Routledge.
5. Taori, K. 2005. Disaster Management through Panchayati. New Delhi: Concept Publishing Company.
6. United Nations Disaster Relief Organization. 1978. Disaster Prevention and Mitigation: A Compendium of Current Knowledge. New York: United Nations.
7. United Nations, Office of the Disaster Relief Coordinator. 1988. Disaster Mitigation: A Manual for Planners, Policy Makers, and Communities. Geneva: United Nations Press.

IV. MINOR FROM VOCATIONAL COURSE: MIN-VOC 4 PROJECT REPORT

Marks: 100

(Credits: Theory-04) 60 **Hours**

Course Objectives:

1. The purpose of the project report is to enable students to carry out a substantial piece of independent academic work and develop a preparedness plan on a selected topic related to disaster management.

Course Outcomes:

1. To define a topic, to articulate a coherent scheme for examining this topic, to gather the necessary information,
2. To present and analyze this information in a way, which satisfactorily addresses the question, which has been set.

Course Content

Disaster Management based Project Work An individual Project Report based on any one case study among the following disasters incorporating a preparedness plan in the vicinity of the candidate's institution or residence: 1. Thunderstorm 2. Landslide 3. Flood 4. Coastal / riverbank erosion 5. Fire 6. Industrial accident 7. Structural collapse. Evaluation of project report will be done by one external and one internal examiner at the time of viva voce examination.
